## CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. I bought the nine years before I used Cascarets. I suffered untold misery with internal piles. Thanks to you I am free from all this this morning. You can use this in behalf of suffering humanity."

## WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vasoline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Growers.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## THE HECHINGER GUARANTEE

Has Become a Maysville Trade Mark —The Reasons

The Hechinger People, by reason of their continually increasing Men's and Boy's shoe trade, is the only firm in the State that four of the best shoe manufacturers in the world confine their goods, Hagan, Walkover, Nettleton and W. L. Douglas.

They are also the only shoe merchants that warrant every pair they sell you to give reasonable satisfaction.

Only the high qualities of these makes justify the absolute guarantee this house gives its patrons.

## A NERVY WOMAN

Twenty-Seven Teeth Extracted and Decayed Part of Jaw Removed at One Sitting —A Most Remarkable Case

Bosh! you say.

It does seem incredible, but it is a veritable truth, and can be substantiated by the lady who underwent the ordeal and the dentist who performed the work.

The subject of this article is a well-known resident of East Fifth street, this city, who has patiently suffered with aching teeth for quite a while until some ten days ago, when she made up her mind to have removed the cause of her trouble by having every tooth in her head extracted.

Having thus determined, she visited a Northside Second street dentist, and, after having informed the tooth-puller of the intent and purpose of her mission, she prepared herself for the record-breaking feat in the usual feminine fashion—when a woman wills she will, that's the end of it; she will.

After having yanked all the good, bad and indifferent teeth from the upper jaw, the operator concluded that that was a sufficient trial to undergo at one sitting for the nerviest of nervy people, and so informed his patient.

In gathering up the fragments it was discovered that there were thirteen of them. It would never do to stop at the fatalistic number, so the lady reasoned, and the work of extracting the remaining fourteen was begun, and with only two short intermissions the tired dentist finished the job, having taken out twenty-seven teeth, and that, too, without the subject taking gas or other anesthetic to relieve pain.

He also removed a sliver from the jawbone that had been a source of pain and trouble for years.

Often you have heard the remark, "She has her nerve with her." Here is a case in point.

If you doubt the truthfulness of the above, ask Dr. Smith about it.

The Internal Revenue is reduced \$20,000.000 under the Payne Tariff Bill.

John Smith, Negro, was lynched at Arcadia, Fla., for attempting to assault Mrs. Mary S. Ewing.

The Directors of the Hendricksou Paint Company met last evening and the following officers were elected:

President—A. D. Cole.  
Vice President—H. L. Walsh.  
Secretary—F. L. Hendricksou.  
Treasurer—H. W. Cole.  
General Manager—Mack Hendricksou.

ANDERSON—CLARK.

Mr. William Anderson and Miss Nellie F. Clark, both of Cincinnati, were married yesterday at Cincinnati.

The bride was one of Maysville's beautiful young ladies and has many relatives and friends in this city.

## WHIRLWIND CAMPAIGN

Second Movement for Education in Kentucky Starts June 27th

The second whirlwind campaign for education in Kentucky will be launched June 27th and will last through July 3d.

Superintendent of Public Instruction J. G. Crabbe announces that plans are being made for a vigorous assault upon the entrenched ramparts of ignorance in the Commonwealth.

The sum of \$5,000 is to be spent during the week of the campaign, it being furnished by the Southern Educational Board and by individuals.

There will be fifty-five Kentucky speakers and five from other States, while on the list of workers there will be 119, or one for each county in the State.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O.

## PUBLIC LEADER MAYSVILLE, KY.

The Robinson Circus is to open its season at Circleville, O., April 26th.

The second trial of Beach Hazels for the murder of his father, Judge James Hargis, will be called at Irvine April 19th.

The anchor given by the Knights of St John last night in their Hall in West Second street was a delightful social affair and a financial success.

Rev. Fisher Bell, Sunday-school agent of the Presbyterian Church in Kentucky, preached Sunday, morning and evening, at Washington He is a native of Shelbyville.

An ordinance requiring all persons in Versailles owning "any chicken, hen, rooster, duck, guinea fowl, goose, turkey or other domestic fowl" to keep them in a yard fenced with poultry netting and providing a penalty of \$1 to \$10 fine for allowing chickens to run at large, was defeated in the City Council at that place.

At the regular meeting of the School Board at Paducah Saturday night all the Principals of the schools were re-elected for a period of one year and the salaries fixed the same per month, except the Principal of the Whitaker Building, Prof. Herman Donovan of Mason county, who received a raise of \$5 per month. It will be remembered that he carried away the honors of the graduating class of twenty-four at Bowling Green last summer.

A probable killing took place last evening at Pleasant Valley Tunnel, in which Edgar Hayes, an L. and N. brakeman on a work train, stabbed the foreman of the working gang at the tunnel. The wounded man was stabbed twice in the right breast and can scarcely survive his injury. Hayes escaped and headed this way and the officials at the L. and N. office here were notified to be on the lookout and have him arrested this morning should he be on the 8 o'clock train. He evidently sensed the danger from afar and left the train before reaching this city, as he failed to step off on its arrival.

### LYMAN H. HOWE'S WONDERFUL PICTURES.

A sight-seeing trip around the world in a comfortable theater seat is the pleasure in store for patrons of Lyman H. Howe's Life-orama at the Washington Theater, Maysville, on Friday evening, April 23d. The new program constitutes a splendid review of the world today. For those who have traveled little it is a veritable adult's wonderbook in pictures. For those who have traveled much it will revive many pleasant memories and afford many equally pleasing surprises, since many of the scenes and incidents reproduced are those secured away from the beaten paths of travel. Among this latter class is a splendid series of pictures showing Russia and its people—a land commonly avoided by the tourist because of the restrictions imposed on travelers by the Russian Government. For the first time, this unfamiliar Nation, which has long resisted the photographer, has been pictured so thoroughly that the audience is virtually taken up to the very gates of the gigantic Winter Palace itself. Mr. Howe's photographer penetrated where no other has ventured hitherto—a feat that has been deemed more difficult than "the passing of a camel through the eye of a needle."

### A HELPING HAND.

Is Gladly Extended By a Maysville Citizen.

There are many enthusiastic citizens in Maysville prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

Mrs. John E. Burns of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly to day as when I gave a statement in their favor some years ago. I was subject to frequent attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The quick and decided relief I obtained from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and during the years which have since elapsed, I have had no serious return of kidney trouble. On some occasions, I have felt a slight backache, but a few doses of this valuable remedy have never failed to ward off any serious attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
